**Seventeenth Sunday in Ordinary Time**

The story of the multiplication of the loaves and the fishes is a familiar one, and has many lessons, not least of which is how our willingness to share who we are and what we have. Exercising good stewardship serves to release God's power and bountifulness on the world and its people. Do we realize that there is enough for all if we are willing to share? Are we aware that God is at work when we share our time, our money and our other resources in His name?

I believe that many people today think the poor are not humans like them. They look down on them. But if they had a deep respect for the poor, I am sure it would be easy for them to come closer to them, and to see that they have as much right to the things of life and to love as anybody has.
