**Feast of the Holy Family of Jesus, Mary and Joseph**  
 The ultimate aim of Saint Paul's Letter to the Colossians is to teach the community how to deepen its relationship with Christ Jesus. His list of virtues summarizes the ideals of communal stewardship: *compassion, kindness, humility, gentleness and patience.* For Paul, practicing these virtues opens our hearts to Christ as individuals and as a worshipping community. This is how the Christian community ought to live. This is how its members should behave in their dealings with others, particularly with fellow believers. As we approach a new year, how might we embrace one of these virtues more fully in order to deepen our relationship with Jesus?

Am I convinced of God's love for me and mine for Him? This conviction is the sunlight that makes the sap of life rise.

Aren't we all tired of babysitting the resentment that we have been treating as a precious treasure? Will we dare to look at the entirety of our lives and see how many hours, how many days, how many years we have wasted in allowing this resentment to rule our every thought, our every action? Will we continue to allow resentment to define us and be the portrait of who we are, who we were? We are given the grace-opportunities to love like God. How marvelous is the mercy of our beloved God!
