Thirty-Third Sunday in Ordinary Time In today's Gospel, Jesus delivers the parable of the talents; using the example of money rather than abilities or skills. It is a story about investments, risks and returns. Stewards understand that God has given them an abundance of spiritual gifts. They know God doesn't want them to simply receive these blessings and bury them in fear, but to multiply them; to use these gifts to serve Him and others; to spread Christ's Good News; to go and make disciples of others. Good stewards invest what God has given them in the service of others and are prepared to render an account when the Lord returns.
